RE: RECOMMENDATION – SAPPHIRE STUDIES

To Whom It May Concern:

Semaj has had approximately 20 sessions with Rahul thus far. What I have seen to date is that Rahul is a driven, organized individual who has developed an inspiring relationship with Semaj; stays connected and on top of the work required to be completed. His ability to connect with Semaj and his talent at teaching simple concepts is superior. Rahul accomplished all these tasks with a positive attitude and has increased Semaj's motivation and confidence when completing his homework.

Rahul supports Semaj and his achievements and has stayed connected to his teachers and their lesson plans. I would recommend Sapphire Studies to anyone who wants an academic edge.
